

7 a signal to recording means which records said
8 demodulated signal in a recording means which records
9 said demodulated signal in a recording medium in which a
10 subscriber's identification number is recorded and
11 controlling supply of the output signal; and wherein

12 said terminal control means registers said
13 subscriber's identification number recorded in said
14 recording medium [od] of said recording means and an
15 information identification [mnumber] number provided from
16 said server in said terminal control means, when said
17 subscriber finishes to record an information provided
18 from said server in said recording medium of said
19 recording means.

IN THE ABSTRACT:

On page 20, line 8, delete "inwhich" and insert
therefor --in which--.

Respectfully Submitted,

James C. Simmons
